LAMADRID

Malbec Rosé
Agrelo - Argentina

Mendoza skies, on the west of Argentina, are deep blue, clean and clear. Here our vineyards grow and develop at 900 meters above sea level. The bright sunny days and the cool summer nights help our grapes acquire a unique concentration of aromas and colors that will take you to an unforgettable tasting experience.

With intensive fruit character and aromas of cherries, strawberries, wild raspberries and herbs, this wine pairs perfectly with grilled fish and white meat or summer BBQ and salads.

In order to ensure the aromatic integrity of the wine it has neither been cold stabilized, filtered nor fined. As a result the wine may show deposits after cellaring time and we therefore recommend decanting before serving.
